

AMLSafe Token

The AMLSafe Token is the native currency that fuels the products and services that are delivered on AMLSAFE Wallet. Thereby making AMLSafe token a utility token as it will be needed to access some major service areas of AMLSafe Wallet application.

Eight Million AMLSafe Tokens were minted on the Ethereum VM as an ERC20 standard token. The one billion AMLSafe token total supply is a fixed supply. It is designed with a deflationary monetary system whereby 30% of AMLSafe Wallet quarterly profits are used to repurchase AMLSafe from the exchanges to be permanently burnt. AMLSafe Wallet revenue will be generated from all the services offered via the AMLSafe wallet with a quarterly audit report.

Every Quarter, AMLSafe team will conduct an audit of all the earnings from AMLSafe Wallet, after which 30% of the total net profit will be used to buy back a portion of the AMLSafe token,

which will be permanently burnt. This process will continue until only

30% of the total AMLSafe supply is left.

AMLSafe Token Features and Use Cases:

- Up to 20% discount on purchases of AMLSafe services if using AMLSafe.
- For example, AMLSafe can be used to pay reduced transaction fees.
- Deflationary Monetary Supply. 30% of AMLSafe Wallet's quarterly profit will be used to buyback and burn AMLSafe token until only 30% of the total supply is left.
- It can be used to trade digital gift cards.

Token Distribution

The team only gets 15% of the total token distribution as we do not want this project to enrich the select few. We believe that

the community deserves to get the most out of our project.
Please take a look at the chart below to see how we are going
to distribute the tokens:

Uniswap Liquidity: 46%
368,000,000 Token (Locked Permanently for Liquidity)

Team Token :28%
224,000,000token (Locked for 6 Months)

Marketing: 10%
80,000,000 Token (Unlocked)

Advisors: 2%
16,000,000 Token (Locked for 6 Months)

Partnerships: 2%
16,000,000 Token (Locked for 6 Months)

Dev/ecosystem Funds:12%
96,000,000 Token (Locked for 6 Months)
